EAST PATCHOGUE
LONG ISLAND, NEW YORK

Telephone: Patchogue 232

NOTICE

Please note our Post Office address.
It is now East Patchogue, N. Y.

An Invitation to Our Nurseries

Those who are interested in the beauty of trees and plants out-of-doors are always cordially welcome to our nurseries, whether they wish to purchase or not. Excellent roads from East and West along "The Sunrise Trail" lead through East Patchogue and in front of our grounds, and offer inviting trips to visitors in motor cars. From the North side of Long Island a splendid state road connects Patchogue with Port Jefferson. Train connections over the Montauk Division of the Long Island Railroad make Patchogue a two-hour run out of New York City. As our office and nurseries are about three miles east of Patchogue towards Bellport, we will be glad to meet any one arriving by train and convey them to our nurseries if notified before hand or by telephone when arriving at Patchogue. We are now permanently located on our new grounds and feel that they will make an attractive garden-spot along "The Sunrise Trail".

General Directions for Ordering and Our Business Terms

In ordering, always give explicit directions as to address, mode of shipment, and time of delivery. We will otherwise use our best judgment, and forward at the most favorable time, and by the most economical route. Practically all of our deliveries will be made by our trucks, this being by far the most satisfactory way. All prices are based on stock at our nurseries, with delivery charges extra at cost, unless otherwise arranged for at time of sale. We guarantee our stock to be free from disease and true to name, and will replace any that may prove otherwise, or refund the purchase price. Beyond that, we assume no responsibility. We guarantee our stock to be in good condition when delivered to our customers, but we do not guarantee that such stock will live and grow, it being impossible to control the after-care or weather conditions affecting the newly-transplanted tree. On Sundays no shipping or deliveries of any kind will be made. On account of the shortness of our shipping season, however, and the fact that many of our customers are at their country homes only on Sundays at that time of year, our office will be open, and we will gladly show you over our nurseries, or will keep an appointment with you at your home. Our residence, office and shipping departments are connected by telephone, and you can always reach us by calling Patchogue 232.

Planting Seasons

Our planting seasons are usually as follows, depending somewhat on the season and prevailing weather conditions:

For evergreens, from the time the frost leaves the ground in latter March until the middle of June,

though early planting is much preferred to that done as late as June, except in the cases of some evergreens which can be moved more or less satisfactorily all during the Summer months. In the Fall we commence shipping evergreens about the middle of August, continuing until the middle of October, or even later if the season is late or mild.

For deciduous trees, shrubs, fruit trees, and all general nursery stock except evergreens, we commence shipping in latter March, continuing until about the middle of May. In the Fall we commence again about the middle of October and can keep on successfully until hard freezing of the ground in December.

Respectfully yours,

Oak Park Nurseries

LESLIE H. MacROBBIE

*East Patchogue, Long Island,
New York*

Evergreens

THIS group comprises a large variety of plants having numerous colors and styles of growth. In it you will find the fast growing sorts such as Pines, Hemlocks and Spruces suitable for wind-breaks, screens and as a background for other plants, also the slow, dwarf growing, choice varieties that are generally used in foundation and group plantings.

ABIES. Fir

Abies balsamea (Balsam Fir).			Each

Evergreen Shrubs

ONE of the most useful and picturesque groups because it contains varieties that are classed as the most beautiful plants used in outdoor plantings. The twofold feature of most of these plants is their foliage and blossoms which make them useful for either mass plantings or borders for other plantings, and as individual specimens.

ANDROMEDA

Andromeda floribunda (Lily of the Valley Shrub).
Flowers in large white panicles blooming in early Spring.

		Each
12 to 18	in.	\$ 1.25
18 to 24	in.	1.75
2 to 3	ft.	2.50

Rhododendrons

THIS group needs very little introduction; their brilliant colored blossoms and broad shiny foliage are very prominent. They are used in mass plantings, which has proved very effective, or combined with other plants which bring out their contrasting qualities, because of their brilliant colors; they also make attractive specimens.

Rhododendron Catawbiense. A fine native Rhododendron with rosy purple flowers blooming in late Spring and glossy dark green leaves oval-shaped.

		Each
18 to 24	in.	\$ 3.00
2 to 2½	ft.	4.00
2½ to 3	ft.	5.00
3 to 4	ft.	7.00
4 to 5	ft.	10.00

R. Carolinianum. Collected. Small pinkish yellow blossoms and small leaves.

		Each
12 to 18	in.	\$ 2.00
18 to 24	in.	3.00
2 to 3	ft.	4.00
3 to 4	ft.	5.00

RHODODENDRONS—Continued

R. Maximum (Great Bay). The best native variety, strong growing and very hardy with very large, thick, glossy leaves and white and pink tinted flowers appearing late in June and July.

	Each
1½ to 2 ft.	\$ 2.00
1½ to 2 ft., specimen	2.50
2 to 3 ft.	2.50
2 to 3 ft., specimen	3.50
3 to 4 ft.	4.00
3 to 4 ft., specimen	5.50
4 to 5 ft.	6.50
5 to 6 ft.	10.00
6 to 8 ft.	15.00
Specimens 4 to 6 ft.	\$8.00 to \$10.00

Rhododendrons—Parsen's Hybrids. Dwarf growing with immense blooms in several colors. Each

1½ to 2 ft.	\$ 5.00
2 to 2½ ft.	6.00
2½ to 3 ft.	8.00

Album elegans. Large foliage; flowers, blush changing to white.

Caractacus. Purple.

Chas. Bagley. Dark Crimson.

Catherine Van Tol. Cherry Red.

Delicatissima. White.

Gen. Grant. Crimson.

H. H. Hunnewell. Dark Crimson.

H. W. Sargent. Dark Crimson.

Lady Armstrong. Pink.

Lady Clermont. Rosy Scarlet.

Parson's Gloriosum. Lilac.

Parson's Grandiflorum. Red.

Pres. Lincoln. Lilac.

Roseum elegans. Purple.

Roseum superba. Rose pink.

YUCCA

Yucca filamentosa (Spanish Bayonet).	Each
Small	\$.50

6 to 8 ft.	\$ 2.00
8 to 10 ft.	3.00
10 to 12 ft.	4.00

Deciduous Shrubs

WHETHER these are used in groups or as individuals, they are an important item in the landscaping of your grounds, producing either blossoms of various colors at different periods during the summer and fall, or berries which are showy in color and useful in attracting the birds. The different varieties each have their own character of growth which when combined make a very pleasing effect. Planted to blot out some unsightly object or for foundation plantings around the dwelling they are indeed useful.

ARALIA

Acanthopanax pentaphyllum (Aralia). Good for hedging, upright growth with thorny branches.

	Each
3 to 4 ft.	\$.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50

ALTHEA. Rose of Sharon

Althea (Rose of Sharon). Single and double flowering in red, pink, white and variegated leaf.

	Each
1½ to 2 ft.	\$.35
2 to 3 ft.50
3 to 4 ft.75
4 to 5 ft.	1.00

A. amplissima (Rose of Sharon).

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.70

A. anemoneflora (Rose of Sharon). Improved variety of double pink.

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.70

A. Jean de Arc (Rose of Sharon). One of the better double white sorts.

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.70

A. purpurea semi-plena (Rose of Sharon). Good variety of semi-double purple.

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.70

A. totus albus (Rose of Sharon). One of the best single white varieties.

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.70

ALTHEA—Continued

Althea (Rose of Sharon). Tree form. Pink, white and lavender.	Each
4 to 5 ft.	\$ 1.00
5 to 6 ft.	1.50
6 to 7 ft.	2.00

ARONIA. Chokeberry

Aronia arbutifolia (Red Chokecherry).	Each
2 to 3 ft.	\$.60
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50
6 to 8 ft.	2.00
A. melanocarpa nigra (Black Chokeberry).	Each
2 to 3 ft.	\$.60
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50
6 to 8 ft.	2.00

AZALEA

Azalea arborescens (Fragrant White Azalea).	Each
12 to 18 in.	\$ 1.75
18 to 24 in.	2.25
A. calendulacea (Flame Azalea). All shades of yellow and brick red.	Each
1½ to 2 ft.	\$ 3.00
2 to 3 ft.	4.00
3 to 4 ft.	5.00
A. mollis (Japanese Azalea). Of dwarf bushy habit with gorgeous orange and yellow flowers appearing in clusters on the ends of the shoots about the middle of May.	Each
18 to 24 in.	\$ 4.00
24 to 30 in.	5.00
A. nudiflorum (Pinkster Flower). (Nursery grown). Deep pink flowers in April and May. Suitable for moist places.	Each
12 to 18 in.	\$ 1.75
18 to 24 in.	2.25
A. nudiflorum (Pinkster Flower). (Collected).	Each
18 to 24 in.	\$ 1.25
2 to 3 ft.	1.50
3 to 4 ft.	2.00
A. pontica (Hardy Ghent Azalea). Brilliant flowers appearing in April in a variety of colors, including white, yellow, orange and red.	Each
18 to 21 in.	\$ 4.00
21 to 24 in.	5.00
A. roseum (Fragrant Blush Azalea). In May, just as the leaves appear, it has very fragrant deep pink flowers in profusion.	Each
1½ to 2 ft.	\$ 1.50
2 to 3 ft.	2.00
3 to 4 ft.	2.50

AZALEA—Continued

A. Rustica. Pink and brick red.	Each
18 to 21 in.	\$ 4.00
21 to 24 in.	5.00
A. viscosa (Swamp Honeysuckle). Fragrant white flowers in July.	Each
12 to 18 in.	\$ 2.00
18 to 24 in.	2.50

BERBERIS. Barberry

Berberis Box (Box Barberry). A dwarf form of Thunberg's Japanese Barberry.

6 to 10 in.	Each
10 to 12 in.	\$.35
12 to 15 in.50
12 to 15 in.	1.00
B. Thunbergii (Japanese Barberry).	Each
1 to 1½ ft.	\$.50
1½ to 2 ft.75
2 to 3 ft.	1.00
3 to 3½ ft.	1.25
(See "Hedge Plants" for quantity rates.)	
B. vulgaris purpureum (Purple Leaf Barberry).	Each
2½ to 3 ft.	\$.50
3 to 3½ ft.60
3½ to 4 ft.75

BUDDLEYA. Butterfly Bush

Buddleya variabilis Veitchii (Butterfly Bush or Summer Lilac).

2 to 3 ft.	Each
3 to 4 ft.	\$.75
3 to 4 ft.	1.00

CALYCANTHUS. Sweet Scented Shrub

Old-fashioned shrubs with chocolate-colored blossoms valued for the peculiar fragrance of the leaves when crushed.

Calycanthus praecox.	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
C. Floridus.	Each
2 to 3 ft.	\$.50
3 to 4 ft.75

CALLICARPA

Callicarpa purpurea (Purple fruited Callicarpa). Valuable for the clusters of bright purple berries borne in the early Fall.

1½ to 2 ft.	Each
2 to 3 ft.	\$.50
3 to 4 ft.60
3 to 4 ft.75

CHIONANTHUS. White Fringe

Chionanthus Virginica (White Fringe). Attractive on account of its large dark green leaves and drooping panicles of white fringe-like flowers in May and June.

2 to 3 ft.	Each
3 to 4 ft.	\$ 1.00
4 to 5 ft.	2.00
5 to 6 ft.	3.00
5 to 6 ft.	5.00

CLETHRA. Sweet Pepper Bush

Clethra alnifolia (Sweet Pepper Bush). A native of this section bearing abundant spikes of fragrant yellowish white flowers in the late summer.

	Each
18 to 24 in.	\$.35
2 to 3 ft.50
3 to 4 ft.75

CORCHORUS. Kerria

Corchorus Japonica (Single flowering Japanese Kerria). A slender green-branched shrub with bright yellow flowers blooming from June to October.

	Each
18 to 24 in.	\$.35
2 to 3 ft.50
3 to 4 ft.75

C. *Japonica flore plena* (Double Flowering Japanese Kerria).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75

CORNUS. Dogwood

Cornus aurea Spaethi (Yellow Variegated Leaf Dogwood).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

C. *albo-marginatus* (Silver-margined Leaf Dogwood).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

C. *ellegantissima* (Silver-margined Leaf Dogwood).

	Each
1½ to 2 ft.	\$.50
2 to 2½ ft.75
2½ to 3 ft.	1.00

C. *lutea* (Yellow-bark Dogwood).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

C. *sanguinea* (European Red-branched Dogwood).

	Each
3 to 4 ft.	\$.50
4 to 5 ft.75
5 to 6 ft.	1.00

CORYLUS. Hazelnut

Corylus maxima purpurea (Purple Leaf Filbert).

	Each
1½ to 2 ft.	\$ 1.00
2 to 3 ft.	1.25

CRATAEGUS. Hawthorn

The Hawthorns have many excellent qualities, handsome foliage and abundance of flowers in April and May and a display of bright berries in the Fall. Fine for hedging or for single specimens.

CRAETAEGUS—Continued

Crataegus cordata (Washington Thorn). A very fine variety, flowering in June and bearing clusters of bright red berries in the Fall.

	Each
3 to 4 ft.	\$.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

C. Crus-galli (Cockspur Thorn). The foliage of this variety turns to a brilliant orange and red color in the Fall. Has long sharp spurs on the branches.

	Each
3 to 4 ft.	\$.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

C. oxycantha. Double flowering. Red and white.

	Each
3 to 4 ft.	\$.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

C. oxycantha coccinea (Scarlet-fruited Thorn). White flowers in the Spring followed by scarlet fruits.

	Each
3 to 4 ft.	\$ 1.00
4 to 5 ft.	1.50
5 to 6 ft.	2.50

C. oxycantha coccinea flore plena (Paul's Double Scarlet Thorn). Large double crimson flowers.

	Each
2 to 3 ft.	\$.75
3 to 4 ft.	1.00
4 to 5 ft.	1.50
5 to 6 ft.	2.50
6 to 8 ft.	3.50

C. oxycantha rubra (Red flowering Hawthorn).

	Each
5 to 6 ft.	\$ 1.25
6 to 8 ft.	1.75

CYDONIA. Japanese Quince

Cydonia Japonica rosea plena (Pink flowering Japanese Quince).

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.75
3 to 4 ft.	1.00

C. Japonica rubra (Red flowering Japanese Quince).

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.75
3 to 4 ft.	1.00

CYTISUS

Cytisus Laburnum (Golden Chain). A small tree bearing long pendant racemes of yellow flowers in the early summer.

	Each
3 to 4 ft.	\$.50
4 to 5 ft.75
5 to 6 ft.	1.00
6 to 7 ft.	1.50

DESMODIUM**Desmodium penduliflorum** (Purple Bush Clover).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

DEUTZIA**Deutzia candidissima** (Double White flowering Deutzia).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

D. crenata flora plena (Double Pink and White Flowers).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

D. gracillis (Dwarf Deutzia). In May, the small white delicate flowers completely cover the plant. Especially valuable for the border.

	Each
10 to 12 in.	\$.35
12 to 18 in.50
18 to 24 in.75
2 to 3 ft.	1.00

D. Lemoinei (Lemoine's Deutzia). An early bloomer, bearing pure white flowers on upright stems.

	Each
12 to 18 in.	\$.35
1½ to 2 ft.50
2 to 3 ft.60
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50

D. Pride of Rochester. (Flowers very double, tinged with pink on the outside of the petals.

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75
5 to 6 ft.	1.25
6 to 8 ft.	1.50

ELEAGNUS**Eleagnus edulis** (Edible fruit).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

E. longipes (Silver Thorn). Silver tinted on the under side of the leaf. Very ornamental reddish brown bark in winter and bright yellow flowers in June.

	Each
18 to 24 in.	\$.35
2 to 3 ft.50
3 to 4 ft.75
4 to 5 ft.	1.00

EUONYMUS

Euonymus alatus (Cork-barked Euonymus).

	Each
18 to 24 in.	\$ 1.00
2 to 3 ft.	1.50
3 to 4 ft.	2.00

E. Americanus (American Strawberry Tree). In the Fall, conspicuous crimson Strawberry-shaped seed pods that burst showing the bright red seeds within.

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50

E. Europeus (European Strawberry Tree).

	Each
4 to 5 ft.	\$ 1.00
5 to 6 ft.	1.50
6 to 7 ft.	1.75

EXOCHORDA

Exochorda Grandiflorum (Pearl Bush). Covered with fragrant clusters of pure white flowers in the early Spring.

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50

FORSYTHIA. Golden Bell

Forsythia fortunei.

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75
5 to 6 ft.	1.00
6 to 8 ft. heavy.	2.00

F. intermedia.

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75
5 to 6 ft.	1.00
6 to 8 ft. heavy.	2.00

F. suspensa (Weeping Forsythia).

	Each
2 to 3 ft.	\$.40
3 to 4 ft.60
4 to 5 ft.75
5 to 6 ft.	1.25

F. viridissima (Dark green Forsythia).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75
5 to 6 ft.	1.00
6 to 8 ft. heavy.	2.00

GENISTA

Genista scoparia (Scotch Broom).

	Each
2 to 3 ft.	\$.75
3 to 4 ft.	1.00
4 to 5 ft.	1.50

HAMAMELIS**Hamamelis Virginica** (Witch Hazel).

	Each
2 to 3 ft.	\$.75
3 to 4 ft.	1.00
4 to 5 ft.	1.25
5 to 6 ft.	1.75

HYDRANGEA**Hydrangea arborescens sterilis** (Hills of Snow). Very large, pure white blooms coming in July and August.

	Each
1½ to 2 ft.	\$.35
2 to 3 ft.50
3 to 4 ft.75
4 to 5 ft.	1.00

H. hortensis Otaksa (Half hardy Hydrangea). Pink and blue flowering.

	Each
Medium to large	\$1.00 to \$15.00
Tubs extra.	

H. hortensis Otaksa. French varieties. (Half hardy Hydrangea). This is an improvement over the common variety of Otaksa. Best suited for growing in tubs.

	Each
2 yr.	\$.75
3 yr.	1.00

H. paniculata. A single form of the *H. paniculata grandiflora* and a very pleasing shrub blooming in September with white blossoms turning to pink.

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

H. paniculata grandiflora (Large panicle Hydrangea). Nothing more showy than the blooms of this popular variety bearing huge conical shaped blooms in the late Summer and early Fall pure white changing to dark pink.

	Each
1 to 2 ft.	\$.50
2 to 3 ft.75

4 to 5 ft.	1.25
5 to 6 ft.	1.50

H. paniculata grandiflora. Standard.

	Each
2 to 3 ft.	\$.75
3 to 4 ft.	1.25
4 to 5 ft.	1.50
5 to 6 ft.	2.50

ILEX**Ilex verticillata** (Black Alder).

	Each
1½ to 2 ft.	\$.50
2 to 3 ft.75
3 to 4 ft.	1.00

KERRIA. See *Corchorus*

LIGUSTRUM. Privet**Ligustrum amurense** (Amur River Privet).

	Each
1½ to 2 ft.	\$.35
2 to 3 ft.50
3 to 4 ft.75

L. Ibota (Chinese Privet).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

L. ovalifolium (California Privet).

See "Hedge Plants".

L. ovalifolium (California Privet). Tree form.

	Each
18 in. stem, 12 in. head.....	\$ 1.00
18 in. stem, 18 in. head.....	1.25
18 in. stem, 24 in. head.....	1.75

L. ovalifolium (California Privet). Sheared Balls.

	Each
2 to 2½ ft.	\$ 1.50
2½ to 3 ft.	2.00

L. ovalifolium (California Privet). Sheared Pyramids.

	Each
2 to 2½ ft.	\$ 1.25
2½ to 3 ft.	1.75

L. ovalifolium elegans (Golden Privet).

	Each
1 to 1½ ft.	\$.50
1½ to 2 ft.75

L. Regelianum (Regel's Privet).

	Each
1½ to 2 ft.	\$.40
2 to 3 ft.60
3 to 4 ft.75

LONICERA. Bush Honeysuckle**Lonicera fragrantissima** (Fragrant Bush Honeysuckle).

	Each
2 to 3 ft.	\$.40
3 to 4 ft.60
4 to 5 ft.75

L. Morrowi (Japanese Bush Honeysuckle). Yellow white blossoms appear in the early Spring followed by a bright display of red berries in the Summer.

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

L. Ruprechtiana (Manchurian Honeysuckle).

	Each
1 to 2 ft.	\$.35
2 to 3 ft.60

L. Tatarica rosea (Pink Tartarian Honeysuckle). Bears an abundance of bright pink flowers in the Spring followed by orange scarlet berries in the late Summer and Fall.

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

LONICERA—Continued

L. Tartarica alba (White Tartarian Honeysuckle).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

MYRICA

Myrica cerifera (Bayberry).

	Each
18 to 24 in.	\$.50
2 to 3 ft.75
3 to 4 ft.	1.00
4 to 5 ft.	2.00
5 to 6 ft.	3.00
6 to 8 ft.	5.00

OXYDENDRON

Oxydendron arborea (Sorrel Tree).

	Each
1½ to 2 ft.	\$.75
2 to 3 ft.	1.25
3 to 4 ft.	2.00
4 to 5 ft.	2.50

PHILADELPHUS. Mock Orange

Philadelphus avalanche. A shrub with graceful slender branches bearing a profusion of snowy white flowers.

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75

P. aurea (Golden Mock Orange). A dwarf variety with bright yellow leaves retaining their color throughout the season.

	Each
12 to 18 in.	\$.40
18 to 24 in.60
24 to 30 in.75

P. coronarius (Common Mock Orange). The intensely fragrant blossoms of this excellent shrub combined with the luxuriant foliage make it a very valuable and popular variety.

	Each
2 to 3 ft.	\$.40
3 to 4 ft.50
4 to 5 ft.75

P. grandiflorum (Large flowering Mock Orange).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75
5 to 6 ft.	1.00
6 to 8 ft.	1.25

P. Mt. Blanc. A dwarf variety with large fragrant flowers.

	Each
12 to 18 in.	\$.30
18 to 24 in.40

PRUNUS. Plum

Prunus maritima (Beach Plum).

	Each
2 to 3 ft.	\$.60
3 to 4 ft.75

P. pissardi. See "Trees".

PRUNUS—Continued

P. triloba (Double pink flowering Almond).

	Each
2 to 3 ft.	\$ 1.00
3 to 4 ft.	1.25
4 to 5 ft.	1.50

RHODOTYPUS

Rhodotypus kerrioides (White Kerria).

	Each
18 to 24 in.	\$.30
2 to 3 ft.35
3 to 4 ft.50
4 to 5 ft.75

RHUS. Sumach

Rhus aromatica (Fragrant Sumach).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.	1.00
4 to 5 ft.	1.25

R. copallina (Shining Sumach).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00

R. cotinus (Smoke Tree).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

R. typhina laciniata (Fern Leaf Staghorn Sumach).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25

ROSA RUGOSA. See "Roses"

SAMBUCUS. Elder

Sambucus Canadensis (Common Elder).

	Each
2 to 3 ft.	\$.35
3 to 4 ft.50
4 to 5 ft.75

S. nigra aurea (Golden Elder).

	Each
2 to 3 ft.	\$.50
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.25
6 to 7 ft.	1.50

SPIREA

Spirea arguta (Snow Garland). Of slender, elegant habit. Branches covered with snow white flowers in May.

	Each
18 to 24 in.	\$.35
2 to 3 ft.50
3 to 4 ft.75
4 to 5 ft.	1.00
5 to 6 ft.	1.50

SPIREA—Continued

- S. bumalda** (Pink Spirea). Vigorous grower with an abundance of pink flowers in Mid-Summer and Fall.

W. rosea. Pink flowering.**W. variegata.** Pink flowering variegated leaf.

	Each
5 to 6 ft.	\$ 1.50
6 to 7 ft.	2.00

Hedge Plants

HEDGE PLANTS have their most practical value for marking boundaries and screening unsightly objects from view and become very ornamental as well, by a little attention applied at the right time.

California Privet is most generally used for hedges, being a fast grower, very hardy and adaptable to shearing.

Japanese Barberry is best used where the location is sandy or shady. Its red berries in the Fall add to its value as an ornamental hedge plant.

Roses

THE right assortment of roses planted in a loamy soil thoroughly spaded over to a depth of 18 inches to two feet and well fertilized with rotted cow manure will bring surprising results and afford a pleasure to the owner that cannot be excelled for beauty and fragrance of flowers. Roses rightfully stand first among the hardy flowers and should be a part of every home garden.

Hybrid Perpetuals

2 year\$1.00 each \$12.00 doz. \$90.00 per 100

American Beauty. An everblooming variety of deep rose color, fine shape and very double.

Frau Karl Druschki. Flowers extra large and pure white.

George Arends. Pink, large and very fragrant. Profuse bloomer and vigorous grower.

George Dickson. Dark crimson rose, fine vigorous grower.

General Jacqueminot. Scarlet.

Heinrich Munch. Same as Frau Karl Druschki except that flowers are pink.

Magna Charta. Extra large, very double. A profuse bloomer with reddish pink blossoms.

Margaret Dickson. One of the best. White with rosy flesh-colored centre. Compact vigorous grower.

Mrs. J. H. Laing. Very fragrant. Soft, delicate pink color with a satin tinge. One of the finest of this class.

Mrs. R. G. Sharman-Crawford. Deep rosy pink, perfectly formed, fragrant blooms.

Paul Neyron. Fragrant clear pink blooms which are very large. Vigorous, hardy plant.

Hybrid Teas

2 year\$1.00 each \$12.00 doz. \$90.00 per 100

Betty. Long coppery buds very fragrant. Vigorous plant and a continuous bloomer.

Columbia. Pink.

HYBRID TEAS—Continued

- Dean Hole.** Silvery carmine tinted salmon. Fragrant. Profuse bloomer.
- Duchess of Wellington.** Saffron yellow stained rich crimson.
- General MacArthur.** Bright crimson; very fragrant.
- Gruss an Teplitz.** A free, strong grower, everblooming, of a rich scarlet color.
- Hadley.** One of the best of the new varieties. Color, a deep crimson.
- Jonkherr J. L. Meck.** Brilliant carmine. A strong, vigorous grower.
- Kaiserin Augusta Victoria.** Large white blossom. Beautifully shaped buds borne on long stems.
- Killarney Brilliant Pink.**
- Killarney White.**
- Lady Hillingdon.** Yellow.
- Lady Alice Stanley.** Pink.
- LaFrance.** Large silvery pink flowers. Very fragrant.
- Los Angeles.** One of the finest roses ever introduced. Long pointed buds expanding into immense blooms of vivid pink, shaded with yellow at the base of the petals. Intensely fragrant and a vigorous grower.
- Miss Cynthia Forde.** Deep rose-pink, blooms large and fragrant. One of the best, blooming until frost abundantly.
- Mme. Abel Chatenay.** Carmine-rose shaded with salmon. Very large, free blooming, popular.
- Mme. Caroline Testout.** Large bright satiny rose, borne abundantly all summer.
- Mme. Jules Grolez.** Large double, deep, rose-pink blooms, long-pointed buds, compact plant, good for bedding. Blooms continually during summer.
- Mrs. Aaron Ward.** Yellow.
- Mrs. Arthur Robert Waddell.** Deep apricot, attractive buds. Vigorous. Blooms abundantly.
- Mrs. Wakefield Christy Miller.** Blush, shaded salmon.
- Ophelia.** Salmon pink shading to rose. Very floriferous.
- Radiance.** Salmon pink.
- Radiance Red.**
- Soliel d'Or.** A very vigorous grower. Flowers large and globular. Color, reddish gold.
- Sunburst.** Rich yellow.

Standard or Tree Roses

- 3 to 4 ft. stem.....\$2.25 each \$24.00 doz.
- Columbia.** Large double pink, very fragrant and late bloomer, almost thornless.
- Jonkherr J. L. Meck.** Strong, vigorous. One of the best light pinks. Profuse and continuous bloomer good for bedding.
- Killarney White.**
- Dean Hole.** Light carmine, shaded rose, old gold at base of petals.
- Frau Karl Druschki.** Extra large pure white.
- Gruss an Teplitz.** Scarlet.
- Lady Hillingdon.** Deep apricot yellow.
- Los Angeles.** Flame pink shaded with gold.
- Ophelia.** Salmon Pink.

Climbing Roses

Especially adapted for covering trellises, pergolas or embankments. Roses of this class bloom mostly in clusters.

	Each	Doz.
Small	\$.50	\$ 5.00
Medium75	7.50
Large	1.00	10.00
Extra large	1.50	15.00

American Beauty. Same characteristics as the bush variety.

American Pillar. A single flowering variety with large clusters of flowers, apple blossom pink. The foliage is especially attractive, the leaves being of a rich, shiny green color and free from insects.

Christine Wright. Double bright pink.

Crimson Rambler. A prolific bloomer and fast grower. Large clusters of small double crimson flowers.

Dorothy Perkins Pink. Shell pink flowers in clusters borne in profusion.

Dorothy Perkins White. White flowering form of the above.

Dr. Van Fleet. Flesh pink. Luxuriant dark green foliage.

Excelsa. Crimson. Similar to Dorothy Perkins.

Gardenia. Yellow in bud. Open flowers white.

Hiawatha. Single flowering, bright crimson.

Lady Gay. Pink blossoms in loose clusters.

Paul's Scarlet Climber. Vivid scarlet.

Philadelphia Rambler. Deep double crimson. Free bloomer.

Silver Moon. Large silvery white blossoms.

Sunburst. Rich yellow.

Tausendschon. Clusters of semi-double blossoms in shades from white to deep pink.

Trier. Creamy white blossoms with fawn color edging. Flowers again in the Autumn.

Wm. Wincott. Pink. Blossoms two weeks before Dorothy Perkins.

Yellow Climber.

Baby Ramblers

2 yr., medium\$1.00 each, \$10.00 per doz.

3 to 4 ft.50
4 to 5 ft.75

Sir Thomas Lipton. White, double. 2 yr., \$1.00 each. Everblooming.

Vines and Climbers

FOR quick results in covering the bare sides and softening the sharp angles of buildings, hiding unsightly fences, beautifying and shading porches, bowers and summer houses, vines and climbers are the thing. They mature quickly, and, in most cases, bloom prolifically and have a wealth of luxuriant foliage and bright, fragrant flowers.

ACTINEDIA

Actinedia arguta. Japanese Vine of vigorous growth leathery leaves and white flowers.

Perennials

THE old-fashioned garden planted wisely keeps the table and house constantly supplied with cut flowers. Perennial flowers may be planted almost anywhere and there are varieties for every location: rockeries, moist places, under partial shade, foregrounds for shrubby borders and for low or partial screening. No other class of plants offers the variety as to color and shape of blooms as the perennials do, and are a source of constant satisfaction to the garden lover.

25c each; \$2.50 per doz.; \$20.00 per 100. Extra large, 35c each; \$3.50 per doz.; \$25.00 per 100, except where otherwise noted.

ACHILLEA

Achillea (The Pearl). Small double white blossoms. 2 feet.

A. Ptarmica Boule de Nieve (Ball of Snow). Small double white blossoms. Blooms all summer. 2 feet.

ALTHEA. Hollyhock

Althea-Hollyhock in shades of red, white, pink and yellow. Double and single.

ANCHUSA

Anchusa Italica, Dropmore variety. (Sea Bugloss). Intense blue flowers on branched stems growing to a height of 4 feet. May-July.

AQUILEGIA. Columbine

Aquilegia in blue, pink, red and white flowering varieties blooming in the Spring. 30 inches.

A. *Chrysantha*. Yellow. 3 to 4 feet.

A. Gold Medal hybrids. 30 inches.

A. Long spurred pink hybrids. 30 inches.

A. *Nivea* Gfl. Pure white.

ARTEMISIA. Old Man

Artemisia abrotanum (Old Man or Southern Wood).

Dark green, finely cut foliage, aromatic odor. 2 feet.

ASTER

Aster Feltham blue. Flowers a pretty shade of blue in August and September. 30 in.

A. *Grandiflora* (Michaelmas Daisy). Dark bluish violet blossoms in the late Fall.

A. *Novea Anglia* (New England Aster). Large violet purple flowers, free blooming in the Fall.

A. *Tataricus*. Tall growing with large coarse leaves and blue flowers. Fall.

AGROSTEMMA

Agrostemma coronaria atrosanguinea (Mullein Pink). Rosy crimson flowers on wooly stems with leathery leaves.

ALYSSUM

Alyssum saxatile. (Gold Dust). Flat heads of golden yellow flowers in the early Spring. 1 foot.

ANTHEMIS

Anthemis Kelwayii (Golden Marguerite). Flowers deep yellow and fine cut foliage. Blooms all summer. 3 feet.

BOLTONIA

Boltonia latisquama (False Starwort). Pinkish lavender flowers in August. 4 to 6 feet.

CAMPANULA

Campanula media (Canterbury Bells). Panicles of bell-shaped flowers in blue, pink and white, single and double, blooming in early summer. 3 feet.

CENTAUREA

Centaurea Montana (Blue Cornflower). Blooms all summer. 18 in.

C. *Montana alba* (White Cornflower).

C. *macroccephala* (Great Knapweed). Yellow blooms, 3 to 4 ft. high. July.

CHRYSANTHEMUM

Hardy varieties in various colors blooming in late Fall.

Carmelite. Large flowering deep golden yellow.

Gloria. Crimson.

Julia. Pompom of orange scarlet.

Oconto. Pure white.
cold weather.

Victory. Snow white flowers lasting until severe

CONVALLARIA. Lily of the Valley

Convallaria majalis (Lily of the Valley).

COREOPSIS

Coreopsis Grandiflora (Tickseed). Large yellow flowers on long stems, 2 to 3 feet long, blooming all summer.

DAISY

Daisy, Shasta. Large white flowers free-blooming, June to September.

DELPHINIUM

35c each; \$3.50 doz.; \$25.00 per 100.

Delphinium Belladonna (Ever blooming Larkspur). Beautiful sky-blue color, blooming all summer. Dwarf.

D. Chinensis (Chinese Larkspur). Deep gentian blue. 2 feet.

D. Chinensis alba (White Chinese Larkspur). 2 feet.

D. English or Gold Medal Hybrids. Shades of blue. 6 feet.

D. Fcrrnosum. Deep blue. 18 inches to 2 feet.

DIANTHUS

Dianthus barbatus (Sweet William). In various colors, June to July. 1 foot.

D. barbatus (Newport Pink).

D. latifolius atroccccinea. All summer blooming Sweet William, large deep crimson.

D. plumarius (Scotch Pink). Sweet scented flowers in great masses of pink, white and magenta. Blooms all summer. 1 foot.

D. plum. Allwoodi Jean. Pure white with crimson centre.

D. plum. Allwoodi Mary. Rose-pink with maroon centre.

D. plum. Allwoodi Robert. Old rose with light maroon centre.

D. plum. Allwoodi Susan. Large double flower, pale lilac.

DICENTRA

Dicentra spectabilis (Bleeding Heart). An old-fashioned favorite with purple and red flowers in early Spring. Medium 60c each; large \$1.00 each.

DIGITALIS. Fox Glove

Digitalis gloxiniae alba. White. July. 3 feet.

D. gloxiniae purpurea. Purple spotted. July. 3 feet.

D. gloxiniae rosea. Pink spotted. July. 3 feet.

D. Grandiflora. Yellow flowers with brownish veins. July and August. 3 feet.

D. mascula superba. Pink. June and July. 18 inches.

EUPATORIUM

Eupatorium ageratoides (White Snakeroot). Double white flowers. 3 feet. Fall.

FUNKIA. Day Lily

Funkia undulata variegata (Variegated Leaf Plantain Lily). Pale blue flowers in August, and green leaves edged with white. Fine for borders.

F. Sieboldiana (Plantain Lily). Pale blue flowers. July and August.

F. subcordata (White Day Lily). White, very fragrant trumpet-shaped flowers in September. 35c each.

GAILLARDIA

Gaillardia Grandiflora (Blanket Flower). Daisy-like blossoms of orange yellow banded with red. Blooms all summer.

GYPSOPHYLLA

Gypsophylla paniculata (Baby's Breath). Very minute delicate flowers. Ideal for trimming bouquets. June and July.

HELIOPSIS

Heliopsis Pitcheriana. Dwarf Sunflower. Blooms about 2 to 2½ in. in diameter. Good for cutting.

HEMEROCALLIS

Hemerocallis Aurantiaca (Yellow Day Lily). 2 to 3 ft. June and July.

HIBISCUS

Hibiscus (Swamp Rose Mallow). Tall growing like the Hollyhock with immense single blooms in the Summer.

Giant Pink.

Giant Red.

Giant White.

IBERIS

Iberis sempervirens (Evergreen Candytuft). Very dwarf. Pure white flowers in April or May.

IRIS

Iris Germanica (German Iris). In blue, white and purple with yellow centre. Also the following named varieties. June. 2 to 3 feet.

Mme. Chereau. White edged with blue.

Pallida Dalmatica. Lavender.

Iris Kaempferi (Japanese Iris). Immense flat blooms in many gorgeous colors on stocks about three feet high. Last of June.

Fuki-yose. Light ground color, marbled with aniline blue.

Na-ga-no. Violet purple shaded with blue.

Shuch-iukwa. Crimson purple with white veins and centre.

Yomo-no-umi. Creamy white.

Iris Siberica (Siberian Iris). Flowers purple and smaller in size than the preceding. May and June.

LUPINUS

Lupinus polyphyllus. Lupine. Blue flowers on long spikes. June to August.

L. polyphyllus alba. White.

L. polyphyllus rosea. Pink.

LYCHNIS

Lychnis Chalcedonia (Scarlet Lychnis). Small brick red flowers in June. 2 to 3 feet.

MONARDA

Monarda didyma (Cambridge Scarlet). Scarlet flowers from July to September.

MYOSOTIS

Mycosotis palustris (Forget-me-not). March to August. 9 inches.

PACHYSANDRA

Pachysandra terminalis (Japanese Spurge). Evergreen. A low-growing cover plant. White flowers.

PEAONIA. Peony

One of the most satisfactory of the perennials. Immense double flowers in all colors. Most of them with a delightful fragrance. June.

	Each
Small	\$.75
Medium	1.00
Large	1.50

Augustin d' Hcur. Dark Rose-red.

Edulis superba. Pink.

Felix Crousse. Red.

Festiva Maxima. White with carmine centre.

Louis Van Hcutte. Red.

Officinalis rubra. The well known very early double crimson.

Queen Victoria. White.

PAPAYER. Poppy

Papaver nudicaule (Iceland Poppy). Dwarf growing with small flowers in several colors. All summer.

Papaver orientale (Oriental Poppy). Large gorgeous red flowers on 3-foot stems. June.

P. orientale Goliath. Large fiery scarlet.

PHLOX

One of the most beautiful and useful of the border plants. Flowers all summer in large trusses, colors ranging from white to rich crimson, soft pink to bright coral red. Very fragrant. 35c each, \$3.50 doz.; 50c each, \$5.00 doz.

Athis. Salmon Pink.

Belvidere. Cerise.

Connelicot. Orange Scarlet.

Eclairer. Red.

Elizabeth Campbell. Salmon-pink. One of the best varieties for bedding.

Feu de Monci. Coral Red.

Independence. White.

Lothair. Crimson.

Matador. Cerise.

Mrs. Jenkins. White.

Peach Blow. Pink.

Queen. White.

Richard Wallace. White, large crimson eye.

Rynstrom. Carmine, good variety for bedding.

Selma. Pink with crimson centre.

Sunset. Dark, rosy pink.

Ther. Deep salmon-pink.

Tragedie. Crimson.

Miss Lingard. White with pink eye.

Subulata rosea. Moss Pink.

Subulata alba. White.

Subulata lilacina. Lilac.

POLEMONIUM

Polemonium coeruleum (Jacob's Ladder). Spikes of sky-blue flowers. June to August. 18 inches.

PRIMULA

Primula veris (English Cowslip). Dwarf yellow flowers blooming in the early Spring. 9 inches.

PHYSOSTEGIA

Physostegia speciosa (American Heather). Tall spikes of pink flowers blooming all summer.

PYRETHRUM

Pyrethrum (Persian Daisy). Single and double mixed in pink, white and red. May and June.

RUDBECKIA

Rudbeckia laciniata (Golden Glow).

SALVIA

Salvia azurea (Rocky Mountain Sage). Tall spikes. 3 to 4 feet high, of small intense blue flowers in August and September.

SEDUM

Sedum spectabilis (Stonecrop). Large flat heads of pink flowers in September. 12 inches.

STOKESIA

Stokesia cyanea (Stokes' Aster). In blue and white flowering varieties. Very double. Early Fall.

THALICTRUM

Thalictrum adiantifolium. Has the appearance of a Fern carrying white flowers, in mid-summer. 2 feet 50c each.

T. dipterocarpum (Meadow Rue). Sprays of violet-mauve flowers on tall stems in early Summer. 50c each.

TRITOMA

Tritoma Pfitzeri (Red Hot Poker Plant). Rich orange color blooming in the Fall. 30c each; \$3.00 doz. Extra large, \$1.25 each; \$12.50 doz.

VERONICA

Veronica longifolium subsessilis (Speedwell). Spikes of blue flowers in the Fall. Fine for cutting. 35c each; \$3.50 doz.

V. incana. Misty-gray foliage with blue flowers. 1½ to 2 feet.

V. rupestris. Small blue flowers in June and July. 1 foot.

VINCA

Vinca minor (Periwinkle or Myrtle). One of the best for ground covers with evergreen shiny foliage and small blue flowers. Thrives in the shade.

VIOLA

Violet (Hardy Double Russian). Very early and very fragrant.

ORNAMENTAL GRASSES.—EULALIA

Pennisetum Rueppellianum (Fountain Grass). Grows to a height of about 4 feet with narrow bright green foliage and bronze purple flower heads. 50c and \$1.00 each.

Phalaris arundinacea variegata (Ribbon Grass). Green and white striped foliage. Fine for bouquets. Medium, 50c each; large, 75c each.

Fruit Department

FEW things are more fascinating or satisfying than that of growing fruit for your own use.

It requires little attention wisely applied and brings profitable results which increase each year.

Fruit trees and berry plants are best planted in the Spring from the time when the frost leaves the ground until the buds begin to swell; or in the Fall from the beginning of the dormant period—about October 15th—until the ground freezes.

We have an excellent selection, in several sizes, of the fruits best suited for Long Island.
